Mission Statement

William and Catherine Booth University College, a Christian university college rooted in The Salvation Army's Wesleyan theological tradition, brings together Christian faith, rigorous scholarship and a passion for service. The University College educates students to understand the complexities of our world, to develop the knowledge and skills necessary to be active contributors to society, and to know how Christian faith compels them to bring hope, social justice, and mercy into our world.

- Change the world!
- Unlock your potential

Our Main Campus is located at 290 Vaughan Street. A warm, comfortable, and student-centered location, the 4-story building combines both historic and modern architecture.

Booth UC campus provides ample classroom and office space, state-of-the-art technology and other amenities to maintain and elevate the high standards of education for which Booth UC is renowned.

"I decided to attend Booth University College because I wanted to strengthen my faith while earning my degree. Looking back, I can honestly say it was the right decision. One of the things I appreciated most was how small the university is. It made it easy to build meaningful relationships with professors, staff, and classmates. If I ever had a question or needed help, I never felt like I had to go through multiple layers just to get an answer. Everyone was approachable and genuinely wanted to see students succeed. The professors were kind, supportive, and invested in our growth, both academically and personally. The friendships and connections I made at Booth are ones I will always value. Booth gave me more than an education. It helped me grow as a person, strengthen my faith, and prepared me for the next chapter of my career."

Lway Tha - BBA/2026

Student Voices

"I decided to continue my education with Booth UC after I graduated from Red River College. And I couldn't have picked a better place! The small classes really help to feel seen by my professors and get any help I need with my assignments. They allow for a lot of flexibility as someone who works full-time, so it has been helpful to complete my degree. I am really grateful to be apart of this great community!"

-Austin Opiola, BBA

I have had a great experience with the 2 + 2 program with Booth University College. I've had assistance with my credits transfer and curating my course outline. It is a very hard experience transitioning from different institutions in between a gap but my counsellor at Booth UC made it very easy!

- Julia Bautista, BBA – RRC Polytech (2+2)

"I really appreciate the support for scholarships provided by Booth UC. The ability to access financial support provides students with the ability to alleviate some of the pressure that we have as students. Balancing the cost of living, nutrition and education can be difficult. With the financial support, we can access better nutrition, reduce academic stress, and feel better knowing we have encouragement by our school to complete our academic program.

Thank you to the staff at Booth and those behind the scenes that make this School great. I am grateful for an encouraging positive environment, the continued financial support and the quality education provided by our dynamic professors."

-Victoria E., AA/2026

"My experience at Booth University College has been both rewarding and life changing. As a first-year student, I was excited to begin my university journey, but I also faced financial challenges that could have made it difficult to focus on my studies. Receiving a scholarship from Booth University College was a tremendous blessing. It eased much of the financial burden on me and my family, allowing me to dedicate more time and energy to my academic work."

-Princess Acheampong, BA Psychology

"Hi, my name is Colten. I made the choice to go to university after finishing a college diploma to advance my education. The idea of returning to full-time education in adulthood was daunting, but through Booth UC I have been able to excel while working and living out of province. The flexibility Booth has offered without compromising on quality of course-work has been remarkable and I'm very glad I chose to continue my schooling at Booth. The staff and faculty are knowledgeable and personable, and you truly feel that they want to provide you with the best learning and opportunities possible."

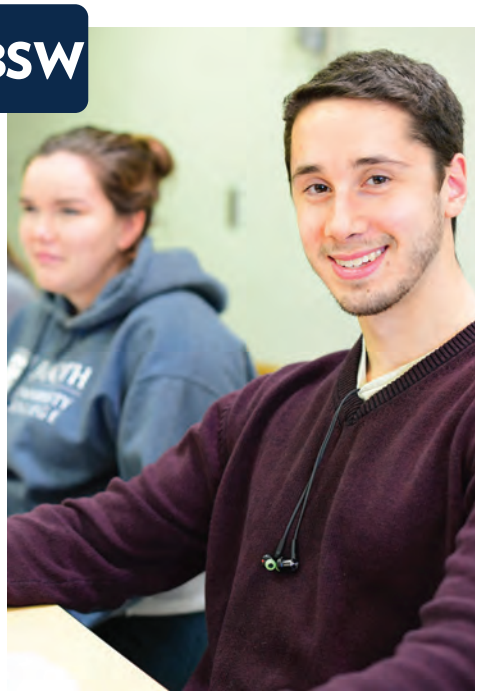

-Colten G., BA Religion

Programs

Bachelor of Social Work

BSW

Our Social Work program prepares students to facilitate change in individuals, families, groups, organizations, and communities, and is grounded in the realities of practice. A unique aspect of our program is small class sizes that allow students to complete learning activities that are more advanced. At Booth UC, we offer a demanding program with a strong focus on clinical practice.

Program Streams:

- 4-year Social Work (direct entry)
- 2-year Social Work After-Degree

What sets our Social Work program apart?

- 800+ hours of practicum experience
- Practicum placements
- Small classes

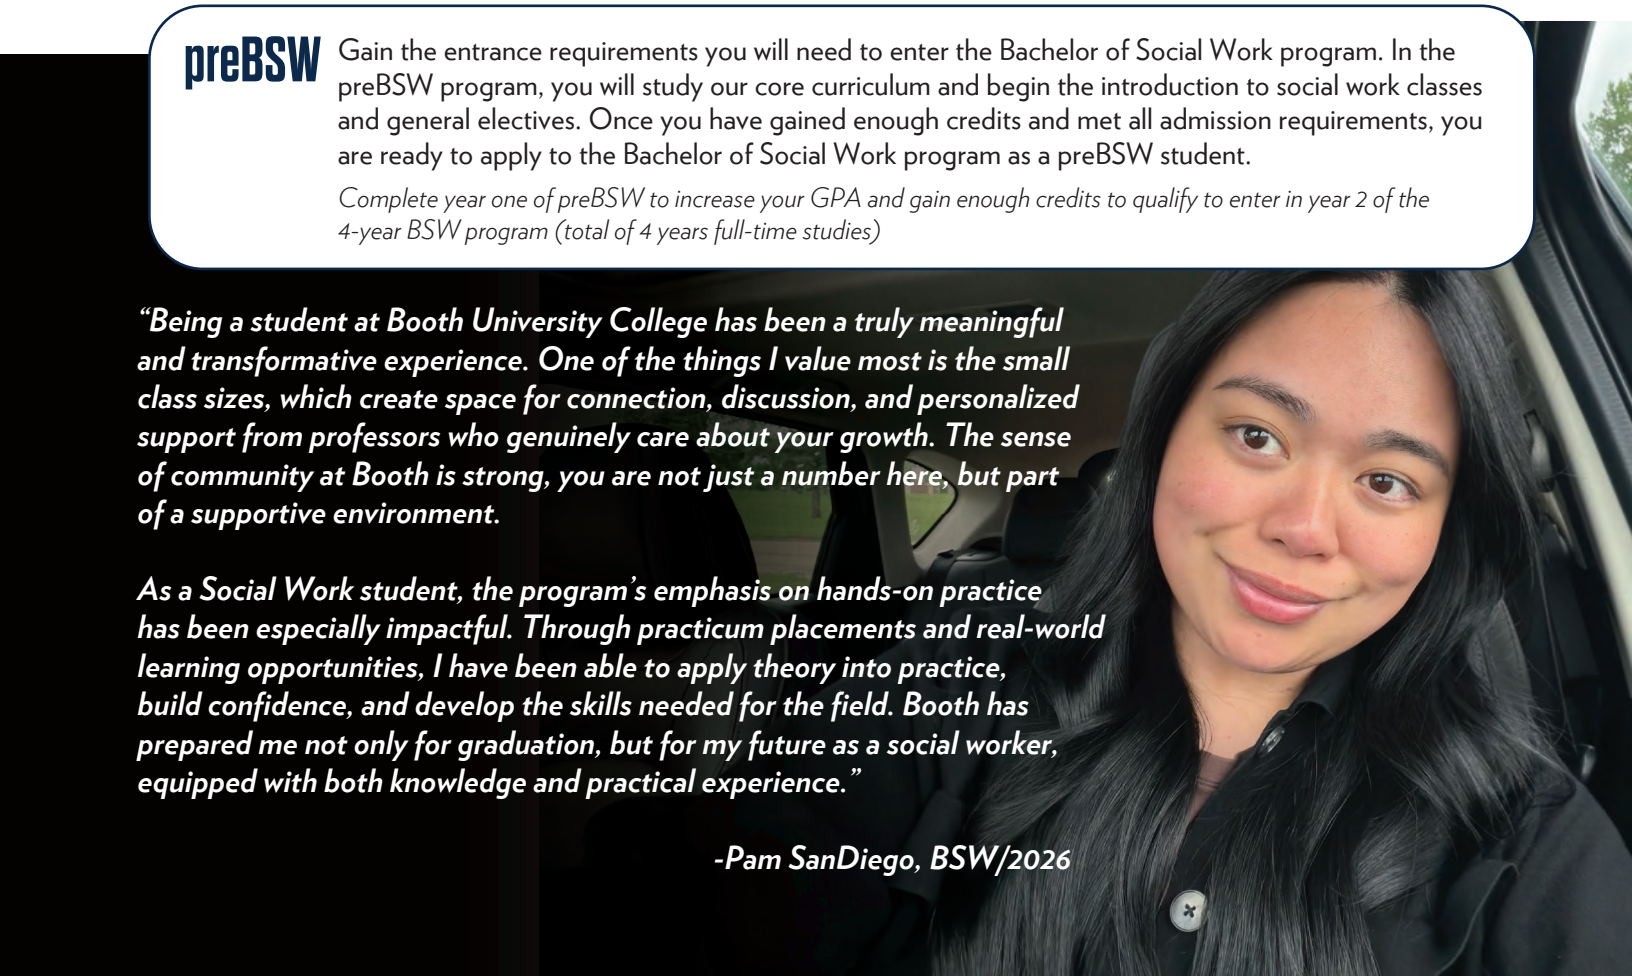

Booth UC's Bachelor of Social Work is an approved program of the Manitoba College of Social Workers (MCSW) for registration in the province of Manitoba. BSW graduates who register with the MCSW are eligible to take the Association of Social Work Boards (ASWB) licensing examination.

CAREER OPPORTUNITIES:
Counsellor, Case Manager, Mediator, Policy Analyst, Advocate and Facilitator Social workers practice in many settings: Schools, Hospitals, Rehabilitation Programs, Child Welfare Settings, Family Service Agencies, Criminal Justice Settings and Mental Health Organizations.

preBSW

Gain the entrance requirements you will need to enter the Bachelor of Social Work program. In the preBSW program, you will study our core curriculum and begin the introduction to social work classes and general electives. Once you have gained enough credits and met all admission requirements, you are ready to apply to the Bachelor of Social Work program as a preBSW student.

Complete year one of preBSW to increase your GPA and gain enough credits to qualify to enter in year 2 of the 4-year BSW program (total of 4 years full-time studies)

"Being a student at Booth University College has been a truly meaningful and transformative experience. One of the things I value most is the small class sizes, which create space for connection, discussion, and personalized support from professors who genuinely care about your growth. The sense of community at Booth is strong, you are not just a number here, but part of a supportive environment.

As a Social Work student, the program's emphasis on hands-on practice has been especially impactful. Through practicum placements and real-world learning opportunities, I have been able to apply theory into practice, build confidence, and develop the skills needed for the field. Booth has prepared me not only for graduation, but for my future as a social worker, equipped with both knowledge and practical experience."

-Pam SanDiego, BSW/2026

BA

Psychology

A Bachelor of Arts in Psychology studies the human mind and behaviour, and is unique in many exciting ways. Our Psychology program addresses practical, social, cultural, and diversity issues with an added emphasis on ethics.

OPTIONAL STREAMS:
Core Psychology: our core Bachelor of Arts in Psychology program.

Community Mental Health: focuses on social psychology, community psychology, social change, and neuroscience. Courses are streamlined toward critical counselling and intervention skills.

APPLIED PSYCHOLOGY:
This stream focuses on the practical application of psychology and includes two internships.

HONOURS PROGRAM:
Students complete an independent research project and thesis.

CAREER OPPORTUNITIES:
Mental Health Services, Social Services, Health Services, and Correctional Services.

BA

Behavioural Sciences

Behavioural Sciences is an interdisciplinary program that combines perspectives from psychology and sociology to understand human behaviour and help people thrive at the individual and community levels. From neurons to nations, you'll get an understanding of human behaviour and the forces that drive us as people.

CAREER OPPORTUNITIES:
Urban Studies, Criminal Justice, Community Development and Counselling

"What I value most about my time at Booth University College is its size and the sense of belonging that comes with it. I have found that the connections you make here genuinely shape your experience. There is an openness here that makes it easy to start conversations, ask questions, and seek advice without ever feeling like you're bothering anyone. Because of this, it has been easy to build relationships with professors, staff, and peers, who gradually became my constant source of support throughout my studies. The environment makes it easy to reach out when you need something, and that has made a real difference for me as I work towards completing my degree."

- Iman Mohammed - 3rd year,
BA - Applied Psychology (Honours)

BA

English and Film Studies

To study English and Film is to study people's stories, which ultimately helps us understand what our society values most at any given time. English majors can expect to take courses focusing on British, American, and Canadian literature, as well as other texts written in English. You will be encouraged to engage with and think critically about voices and experiences that have the potential to change the way you see and interact with the world.

CAREER OPPORTUNITIES:
Publishing, Filmmaking and Criticism, Government and Policy Work, Education, and Activism

Religion

BA

Students of religion at Booth UC will be introduced to key facets of Christianity (scripture, history, theology, practices) and other fascinating religions around the world. Our campus community welcomes people from all backgrounds, encourages diverse perspectives, and nurtures rich friendships. You will not only examine the human condition but also discover religious solutions to pressing human and global problems. You will come to appreciate the diversity, depth, and dynamism of religion.

CAREER OPPORTUNITIES:
Church Ministry, Teaching, Not-for-profit Administration, and Social Services
Some graduates also go on to earn advanced degrees in religious studies and related disciplines such as Law, Education, Journalism, and Social Work

BA

Interdisciplinary Studies

Interdisciplinary Studies is an open and flexible degree program where students combine subjects from two different disciplines, rather than majoring in just one. What makes it unique is the combination of diverse courses that cover many disciplines, critical thinking, and hands-on learning. As an Interdisciplinary Studies student, you will learn how to think critically about intricate, interconnected concepts and articulate an informed view of the world with an awareness for its complexity and diversity, and to do so with an appreciation for the Christian world view and a multidisciplinary perspective.

CAREER OPPORTUNITIES:
Government, Public Relations, Event Planning, Business, Banking, Retail Management, and Social Services
Interdisciplinary Studies also prepares you for further studies in programs like Law, Ministry, Journalism, and Education

Associate of Arts Degree

AA

Expand your knowledge in the liberal arts. If you are looking for a shorter program that covers a breadth of topics, the Associate of Arts degree is a great place to start. The Associate of Arts degree helps you develop critical thinking and writing skills that will help you on any future path. Upon graduating, you may also continue to complete various Bachelor's at Booth UC.

CAREER OPPORTUNITIES:
Marketing Assistant, Assistant Retail Manager, Customer Service Representative, Administrative Assistant, and Bank Teller

BBA

Bachelor of Business Administration

Given today's complex business world, there is a strong demand for skilled, knowledgeable, ethical, and engaged global business professionals. To meet this demand, and to prepare you to make a meaningful difference in the world, Booth UC's School of Business offers a unique, relevant, and flexible Business Administration degree.

Bachelor of Business Administration 2+2 program with RRC Polytech

Booth UC offers a degree completion program in partnership with RRC Polytech. Students who complete a two-year Diploma in Business Administration at RRC Polytech can earn a BBA after two years at Booth UC. Our courses qualify as prerequisites for the Chartered Professional Accountants (CPA) Professional Education Program.

CAREER OPPORTUNITIES:
Accounting and Finance, Human Resources, Marketing, Not-for-profit Management, Project Management, and Public Relations

Associate of Business Administration Degree

ABA

If you are looking for the knowledge and skills to help you enter the for-profit or non-profit sectors, then this degree may be for you. Also, if you are looking for experience to assist with starting your own business, then it is a good option. Upon graduating, you may also continue to complete your Bachelor of Business Administration degree.

CAREER OPPORTUNITIES:
Management Trainee, Program Coordinator, various Administrative and Clerk Positions, Account Representatives, and Banking Customer Service Representatives

Graduate Program

Masters of Business Administration

Our Master of Business Administration (MBA) at Booth University College is a graduate degree we created to equip ethical, innovative, and socially responsible leaders for today's complex business world. Rooted in Booth UC's mission of Hope, Justice, and Mercy, the MBA prepares students to lead organizations that balance profitability with purpose. Students can choose between two specialized concentrations:

- **Values-Based Leadership**
- **Social Enterprise Management**

Designed for working professionals, the Booth UC MBA follows a modular, practice-oriented format combining rigorous academic content, experiential learning, and a strong emphasis on ethical management and sustainability.

CAREER OUTCOME:
Our MBA combines rigorous business education with a strong focus on ethics, leadership, and real-world impact. Delivered in a flexible yet intensive format, it attracts globally diverse, high-caliber students and prepares graduates for leadership roles across business, non-profit, and social enterprise who are ready to make strategic, ethical decisions in a global context.

2027-2028 ACADEMIC YEAR (April 1, 2027 - March 31, 2028)

VC Booth UC Virtual Campus

Booth UC BA/BBA (3-year) virtual degree builds a tradition of excellence in undergraduate education, preparing learners for advanced study, professional careers, and community engagement, locally and globally. Complete your degree in real time from anywhere. Graduates may continue into a 4-year degree in Business, English, Psychology, or Religion, or bridge into after-degree professional programs in Social Work, Education, Media Arts, or Law.

Meet Kailey.

Your Path to a New Career

Pre-professional Pathways

Start your pathway to professional programs at Booth UC. Studying at Booth UC prepares you for the admission requirements at other Canadian institutions. It's your first step toward programs that aren't currently offered at Booth UC such as law, education, and nursing. Once you've completed 1-4 years of study with us, you'll be ready to apply for your professional program of choice.

Mature/Transfer Students

Are you over the age of 21 and thinking of going back to school?

Have you studied at another university but feel like making a change? Every year Booth UC accepts many mature students and transfer students. We are happy to help you navigate the process and make the transition as smooth as possible.

Studied Religion at Booth UC
Graduated with BA in 2020
Pursued Further Studies in Education

Today: Employed as a Certified Teacher in Ontario

Booth UC Student Supports

At Booth UC, we believe it is important to support the whole person—body, mind, and spirit! Below are some of the ways we help our students be their very best while studying at Booth UC.

Academic Learning Centre

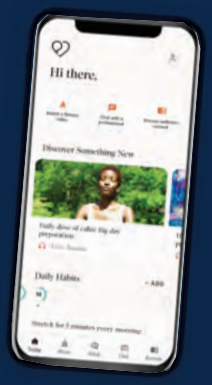

The Academic Learning Centre (ALC) is a free service for students who want to strengthen academic skills and learn effective strategies for achieving academic success. A team of tutors are available for meeting with students one-on-one as well as in group sessions or workshops. Students give our ALC team an 'A+' in helping them reach their academic goals at Booth UC!

Accessibility Services

Not all of us learn in the same way. Booth UC provides academic accommodations for students with physical or learning disabilities to help provide barrier-free access to Booth UC degree programs. If you have a diagnosed disability or are interested in knowing more about the Accessibility Services program at Booth UC, we can talk about supports that are right for you.

Health Insurance Plans for All Students

We know that our students will not be able to succeed when they are not feeling well. This is why we offer both basic emergency healthcare coverage for international students as well as supplemental health and dental coverage for all students. These plans make sure that our students have access to Manitoba health care when they need it and also have financial support for accessing additional health services and dental care not covered by public health or emergency health insurance plans. Additionally, students have access to virtual doctor assistance for minor concerns and prescriptions. All plans have opt-out options for students with existing similar healthcare coverage plans.

Community Life

While students come to Booth UC to complete an academic degree program, we know that a university experience is so much more than what happens in the classroom! You will make friendships, pursue common interests, and gain valuable experience through the many different events and activities throughout the year. Whether you want to get involved in promoting social justice initiatives, learn a new skill, or find a new special interest, you'll find others to join you along the way. It's our community that makes Booth UC a special place to be!

Student Council

Students are the best advocates for student interests at Booth UC! This is why Booth UC Student Council exists, to foster a vibrant, engaged, and connected community among Booth UC students. All through the year, students elected to Student Council are working to create opportunities for students to celebrate and engage with our campus community. There are so many ways to be involved at Booth UC!

International Student Supports

Booth UC international students are advised by a staff member. Advising sessions can take place either in person or through virtual conferencing. International students can also connect with each other and useful resources and support through an online International Student Support group in Populi, and various campus events throughout the year. There are many ways to get involved as an international student at Booth UC!

Mental Health Supports

University can be challenging and we appreciate the importance of supporting mental health to ensure you're up for the task. This is why Booth UC students have free access to virtual counselling services any time of the day, any day of the year. We also provide referrals for in-person counselling options in Winnipeg, a Peer Support network, as well as lots of resources and supplemental mental health support.

Spiritual Care and Faith Community

As a Christian higher education institution, Booth UC believes that faith is foundational to our outlook on learning, lifestyle and spiritual care. Our community gathers regularly during the week for times of worship, celebration, and reflection. Our Booth UC community is a safe and welcoming environment for students of any faith background to live out their spiritual life and development.

Books are Just the Beginning

Our John Fairbank Memorial Library offers students a comfortable environment for study and research. Staff provides individualized attention and an active approach to guiding you through library services.

300K+ Number of print and e-books in the Library

Students also have access to other post-secondary institution libraries (with over a million publications available).

Beyond The Classroom

At Booth UC, a key aspect of your education will be experiential learning. That is, learning by doing. By engaging students in hands-on experiences and reflection, you will be better able to connect theories and knowledge learned in the classroom to real-world situations.

Internships

Psychology and Behavioural Sciences students are placed with organizations that work in areas such as community mental health, supportive counselling, and newcomer and refugee services. You are mentored and supported by an expert in the field, and Booth UC faculty, to expand your knowledge and skills.

Field Placements

As a Social Work student, you will gain hundreds of hours working in field placements to better prepare you for a career as a Social Worker. You will also benefit from the unique way we match our students for practicum placement and have our core faculty established as the ones who serve as liaisons for all placements.

Urban Service Learning (USL)

As a core requirement, all other Booth UC students take part in urban service learning. Focusing on social concerns, you'll step out of the classroom into the heart of Winnipeg where you will learn about the root causes of injustice while gaining valuable work and life experience.

Salvationist Students

As The Salvation Army's only University College, Booth UC boasts a vibrant community of Salvationist students. In fact, having Army students from around the world creates an experience unique to Booth UC. We'd love to tell you more and welcome you to a supportive Salvation Army community in Winnipeg.

Jin Nuyda, Salvationist (BA/26)
